

What does Lifecare give me:

Lifecare at Harrogate gives you a home for Life , as well as care for Life. In addition to your independent living residence and access to every community service and amenity , you have priority access to skilled nursing, home health ,rehabilitation and memory support services, as long as you need it -for life.

What if my spouse needs a higher level of care and I don't?

You stay in your independent living residence and your spouse moves into the skilled nursing unit. You don't pay for two residence , nor do you need to move with your spouse. You simply pay for two extra meals per day in the health center. That's why the true value of Life Care is peace of mind. Your cost are predictable, can be planned and don't increase significantly even if you or your spouse's health needs change.

How does Life Care protect my finances?

Life Care gives you predictable monthly fees throughout all levels of care, and allows you to control your future health care cost. Plus , our flexible entrance fee options offer you outstanding estate protection.
