America's Most Trusted Name in Hearing Care.

Instant Hearing Evaluation

Use the brief questionnaire below to see if you or a loved one may be experiencing some degree of hearing loss. Be sure to evaluate each question carefully and answer honestly to ensure an appropriate evaluation. The questionnaire represents only a portion of the actual evaluation questions HearUSA uses to establish a diagnosis and should not be used to determine a final course of action other than seeking further evaluation by a hearing care professional.

Read the statements below and check the appropriate box to the left.	**YES**	**NO**
Socializing is becoming awkward.		
Interaction with family members and friends can be frustrating.		
It has been mentioned that I didn't hear correctly.		
I have trouble hearing over the telephone.		
It's hard to hold a conversation in crowded rooms with noisy backgrounds.		
I have trouble understanding things while watching TV or listening to the radio.		
I'm afraid I might miss the telephone ringing or the doorbell.		
Sometimes I can't tell which direction a sound is coming from.		
I'm afraid I might miss-hear part of an introduction or part of a conversation.		
People get annoyed because I miss-hear what they say.		
I find it hard to participate in conversations at restaurants.		
I have responded inappropriately to conversations.		
I have trouble understanding the dialogue when at the movies or theater.		
Being unable to hear clearly is making my life more difficult.		
I have difficulty with conversations that involve two or more other people.		
I've misunderstood what others have said.		
It's harder to hear the voices of women and children.		
It's a strain to understand conversations.		
I miss-hear some words in a sentence and ask people to repeat themselves.		
While at work, it's difficult to understand coworkers or customers.		
Many people I talk to seem to mumble.		
It's difficult to understand a speaker at a meeting or in place of worship.		
My personal life has changed because I avoid conversations with people.		
Total Checkmarks		

If you answered "YES" to more than three of these questions, a hearing test is recommended.
